Are you ready to grow personally, professionally, and financially?

Best way to achieve career growth is to get a good job, do a good job, and get ahead.

I can help you show up, stand out, and secure an offer, and get ahead.

## **Narrative**

- Could not deliver an engineering update to the leadership team at my first job that I put together. Because of my poor communication skills, I wasn't placed on the promotion track.
- Joined Toastmasters a few years later. It increased my confidence. I changed my job from writing software to selling technical solutions to customers.
- Help people today get good jobs, succeed at their current jobs, or get ahead in their careers.
